OMAR AZZAM

omar.azzam.eng@gmail.com | +963 959 984 200 | omar-azzam-eng.github.io/omar-azzam

Backend Developer with 2+ years of hands-on experience designing and building scalable, secure, and production-ready backend systems. Proficient in Node.js, Express.js, TypeScript, and PostgreSQL, with experience developing RESTful APIs, designing relational database schemas, optimizing SQL queries, implementing authentication and authorization, and building real-time features with WebSockets.

SKILLS

Languages:	Node.js, JavaScript, TypeScript, C++, Python, Java
Backend & APIs:	REST, Nest, Express.js, Socket (WebSockets), JWT, OOP
Databases:	PostgreSQL, MongoDB, TypeORM
Tools & Misc:	Git, npm, Unix, Zod, Pandas, Data Analysis, MS Office, Team Working

PROFESSIONAL EXPERIENCE

Freelance **11/2024 Present**

Backend Developer

- Created a charity web app backend utilizing Node.js, Express.js, and PostgreSQL to organize and manage daily organizational operations.
- Developed an Android app backend for a money tracker app using TypeScript and NestJS, implementing multi-currency support and multi-account distribution logic.

German Board **01/2025-06/2025**

Teacher | As-Suwayda, Syria

- Taught a comprehensive course on utilizing AI in daily life and design.
- Improved student AI proficiency scores by 25% within a single month of instruction.
- Boosted overall student engagement by 30% through the design and deployment of 2 innovative projectbased learning units.

PERSONAL PROJECTS

PharmaLink Backend **05/2026-Present**

- Built database models leveraging TypeORM and PostgreSQL with a strong focus on optimized relational structures and data integrity.
- Developed RESTful APIs with Node.js, ensuring high scalability, robustness, and long-term maintainability.
- Achieved real-time system updates by integrating WebSockets into the backend architecture.

Classification of Lung Cancer Types **02/2024-07/2024**

- Developed an AI model using Python capable of predicting lung cancer types from CT scan images, achieving a 97% accuracy rate.

EDUCATION

Latakia University **09/2019-09/2026**

Bachelor of Technology - BTech, Artificial Intelligence Engineering | Latakia, Syria
